AI · EdTech · Founder

Founder · Product Owner

- Wrote the PRDs for a single dashboard serving three role modes (Learner, Community Manager, Mentor) — killing a planned three-app split after discovery.
- Owned the AI feature roadmap: Tutor agent, Mock Exam engine, Study Guide generator, and Solana-token wallet integration for the referral economy.

### Think

2026

[gethink.com](https://gethink.com)

AI · Project Management

Founder · Product · AI Engineering

- Owned the thesis end-to-end: replace dashboards with a chat box and PMs with nine specialist agents (Brief, Risk, Schedule, Budget, Stakeholder, QA, Standup, Escalation, Specialist).
- Architected Workspace Mode and System Mode on one agent stack — onboarded 4 design partners and 2 paid pilots; PRD, roadmap, and eval rubric authored personally.

### Pollinet

2025

Web3 · Solana · Offline Mesh

Project / Product Manager

- Wrote every PRD and user story for Solana's offline-first Bluetooth mesh resilience layer; led sprint planning, roadmap, and the project plan from zero.
- Coordinated SDK design, relay-node adoption strategy, and whitepaper narrative across engineering and ecosystem partners; ran weekly standups and release QA.

### ReZilience

2026

Web3 · Solana · Trust  
Infrastructure

Product Manager

- Owned the spec for a six-dimension assurance score (Code, Liveness, Originality, Governance, Dependencies, Economics) indexing every Solana program from GitHub, OpenSSF, OSV.dev, DeFiLlama, and on-chain RPC.
- Led the on-chain provenance flow (sign with upgrade authority) and the dependency-tree explorer; drafted the Score Oracle and Economic Commitment Layer roadmap.

### COVR Branchless

2021 – 2024

[covr.advansio.com](https://covr.advansio.com)

Fintech · Agency Banking

Head of Projects & Products

- Owned the product roadmap for the agency-banking platform behind 7+ deployments — Wema, Diamond, Heritage, Jaiz, SANEF, eTranzact, Visual ICT.
- Migrated 100k+ legacy users at 95% success; cut deployment risk ~50% via tracked release gates and code-review cadence across 4 squads.
